Let it snow

```
         D           A7      D
Oh, the weather outside is frightful,
         D       F7           A
But the fire is so   delightful,
    Em              H7       Em
And since we've no place to go,
       A7            Cism          D
Let it snow, let it snow, let it snow.

   D            A7       D
It doesn't show signs of stopping,
      D             F7        A
And I brought some corn for popping.
    Em                 H7       Em
The lights are turned way down low,
       A7            Cism          D    A  D  A
Let it snow, let it snow, let it snow

A       D        A          D     A
When we finally kiss good night,
         Hm          E7         A
How I'll hate going out in the storm.
       A7           D7      A7
But if you really hold me tight,
E7          H7           A
All the way home I'll be warm.

    D       A7     D
The fire is slowly dying,
        D             F7                A
And, my dear, we're still    good - byeing,
    Em           H7      Em
As long as you love me so.
       A7           Cism           D
Let it snow, let it snow, let it snow
```
