Happy Xmas (War Is Over)- John Lennon

```
             D
So this is Christmas
                   Em
And what have you done
              A
Another year over
                      D
And a new one just begun
     Hm            G
and so this is Christmas
                  am
I hope you have fun
      C             D
The near and the dear one
     am7            G
The old and the young

                      C
       A very merry Christmas
                        D
       And a happy New Year
```

```
                                am    C
      Let's hope it's a good one
                    G    A7
      Without any fear

                 D
And so this is Christmas
                   Em
For weak and for strong
                      A
For rich and the poor ones
                 D
The road is so long
       hm      G
And so happy Christmas
                  am
For black and for white
     C          D
For yellow and red ones
      am7           G
Let's stop all the fight

                    C
      A very merry Christmas
                       D
      And a happy New Year
                                am    C
      Let's hope it's a good one
                    G    A7
      Without any fear

            D
So this is Christmas
                  Em
And what have you done
             A
Another year over
                    D
And a new one just begun
    Hm            G
and so this is Christmas
                am
I hope you have fun
     C            D
The near and the dear one
    am7           G
The old and the young

                    C
      A very merry Christmas
                       D
      And a happy New Year
                                am    C
      Let's hope it's a good one
                    G    A7
      Without any fear

D             Em              A7            D
War is over, If you want it, War is over, Now
```
